Copperas Cove, Texas 76522.**

Dear Topsey Water Supply Corporation (TWSC) Members,

18 August 2025

On 12 August 2025, the City of Copperas Cove Utility Administration (CCCUA) announced a 16% water rate increase, effective 1 October 2025. This adjustment is apparently driven by rising costs and other operational expenses.

As TWSC receives its water supply from the City of Copperas Cove, we must also adjust our rates to reflect the increased cost of service. On 12 August 2025, after careful review and considerations, the TWSC Board approved a 17% cost increase. Effective 1 October 2025, base rates per meter will increase to \$47 and the revised financial tier structure for water usage will increase:

Water Usage (Gallons) Cost per 1,000 Gallons

0 – 5,000	\$7.38
5,001 – 10,000	\$9.38
10,001 and above	\$11.58

TWSC remains committed to serving our customers while working closely with the City of Copperas Cove to explore ways to ease future rate increases and ensure reliable service for our members.

If you have any questions or concerns, please contact TWSC President at (254) 462-2777. We also encourage you to attend our monthly board meetings, held on the second Tuesday of each month at 6:00 PM.

Thank you for your continued support and understanding.

Sincerely,

Topsey Water Supply Corporation Board of Directors.
